

ENSF 480 - Principles of Software Design

Term Project (Design Phase)

Group 11 (B01):

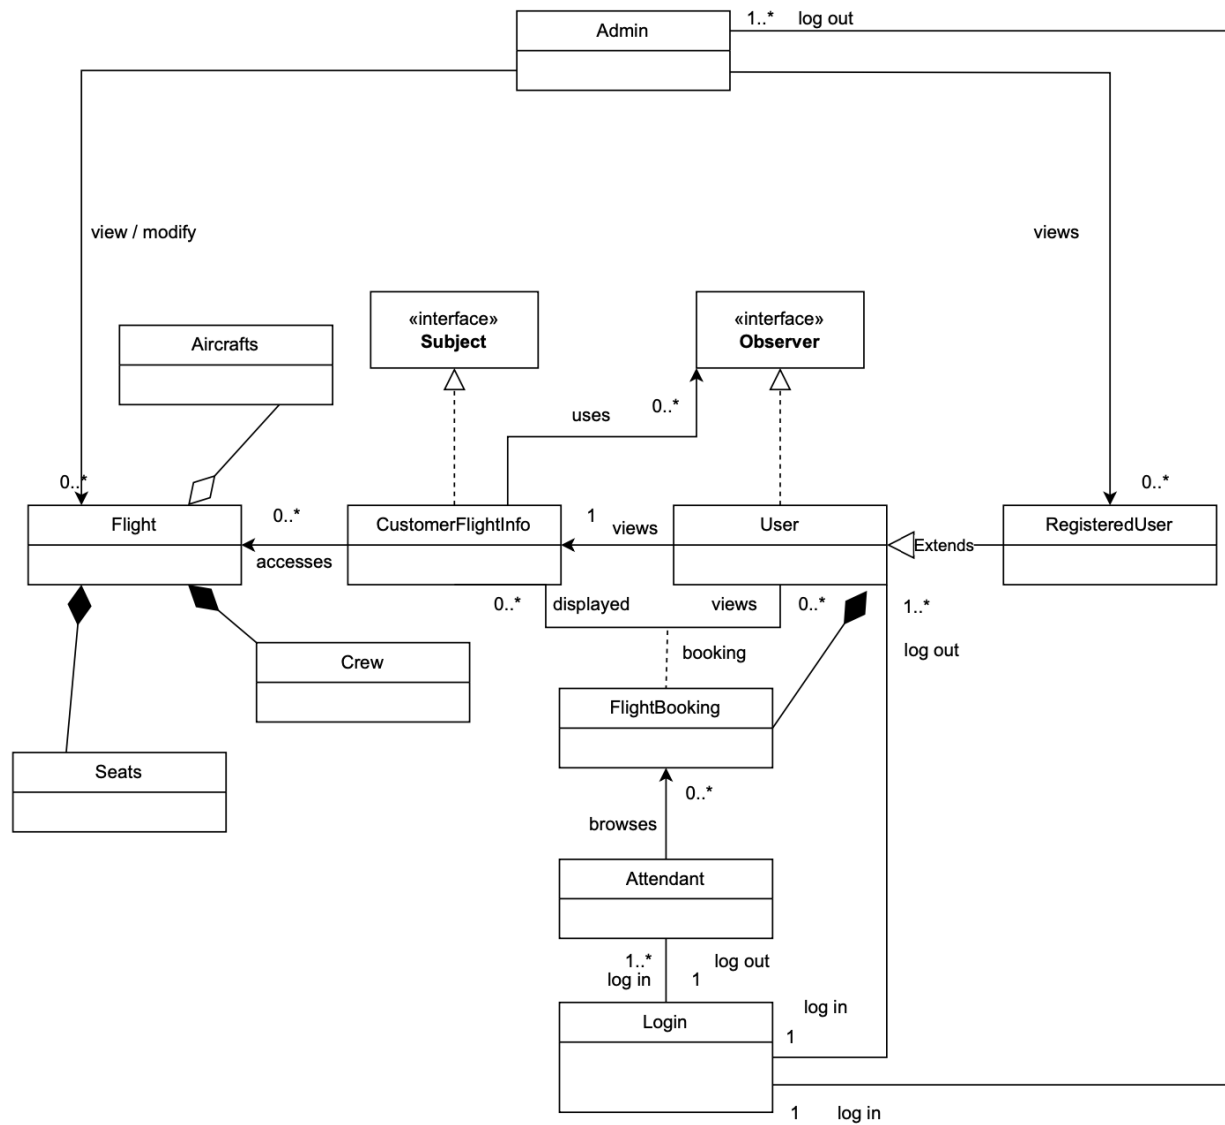

Harris Hasnain - 30139872

Hooriya Amjad - 30141172

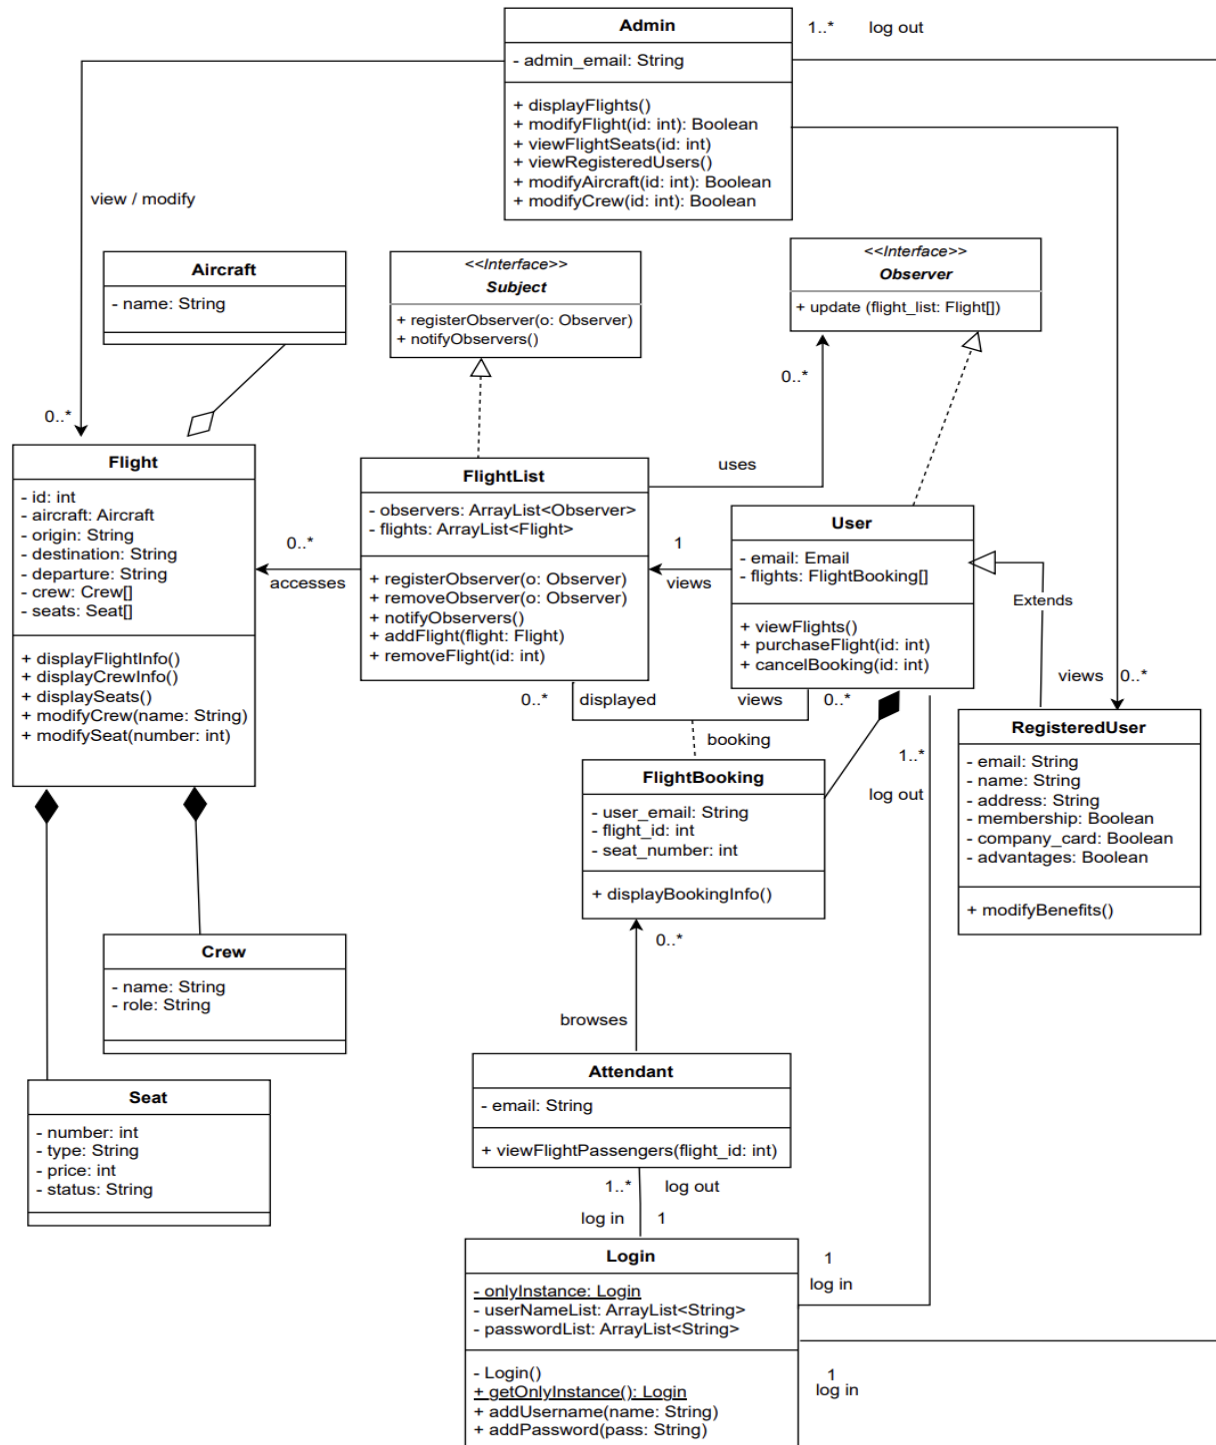

Al Farhana Siddique - 30157968

Part 2:

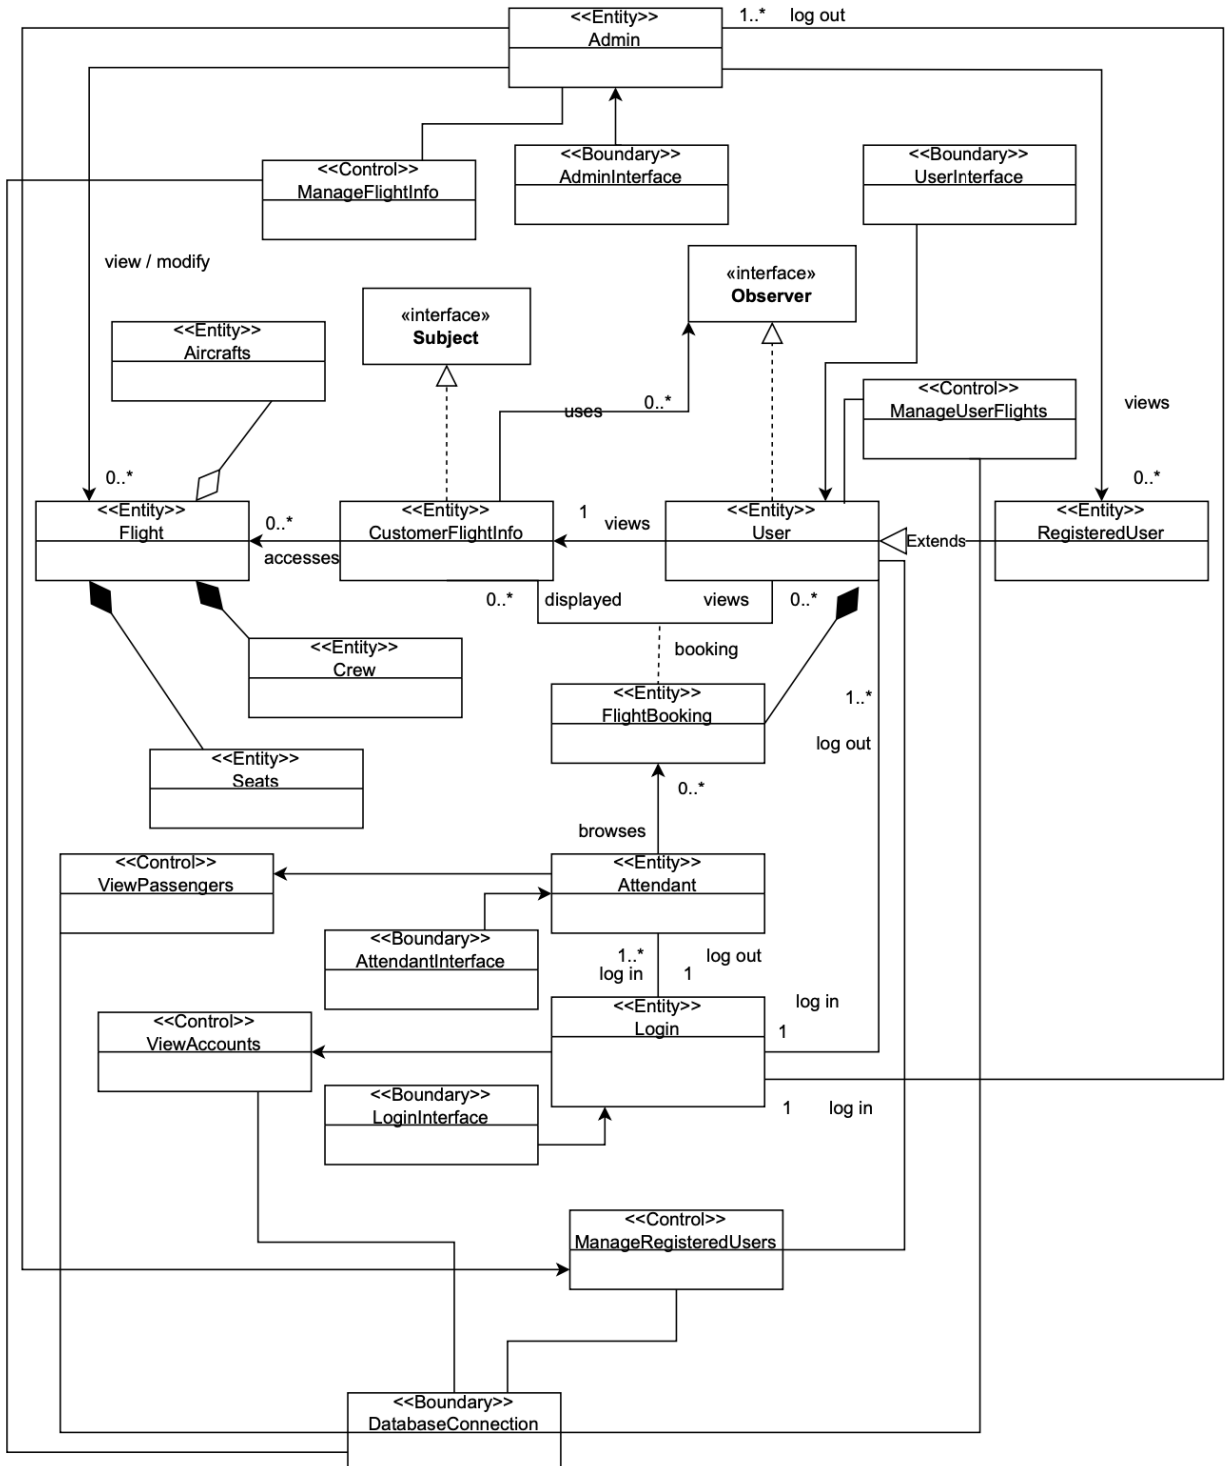

6) Domain Class Diagram (no attributes / functionalities):

- Design patterns used:
 - Singleton pattern (login information)
 - Observer pattern (user as observer, flight list as subject)

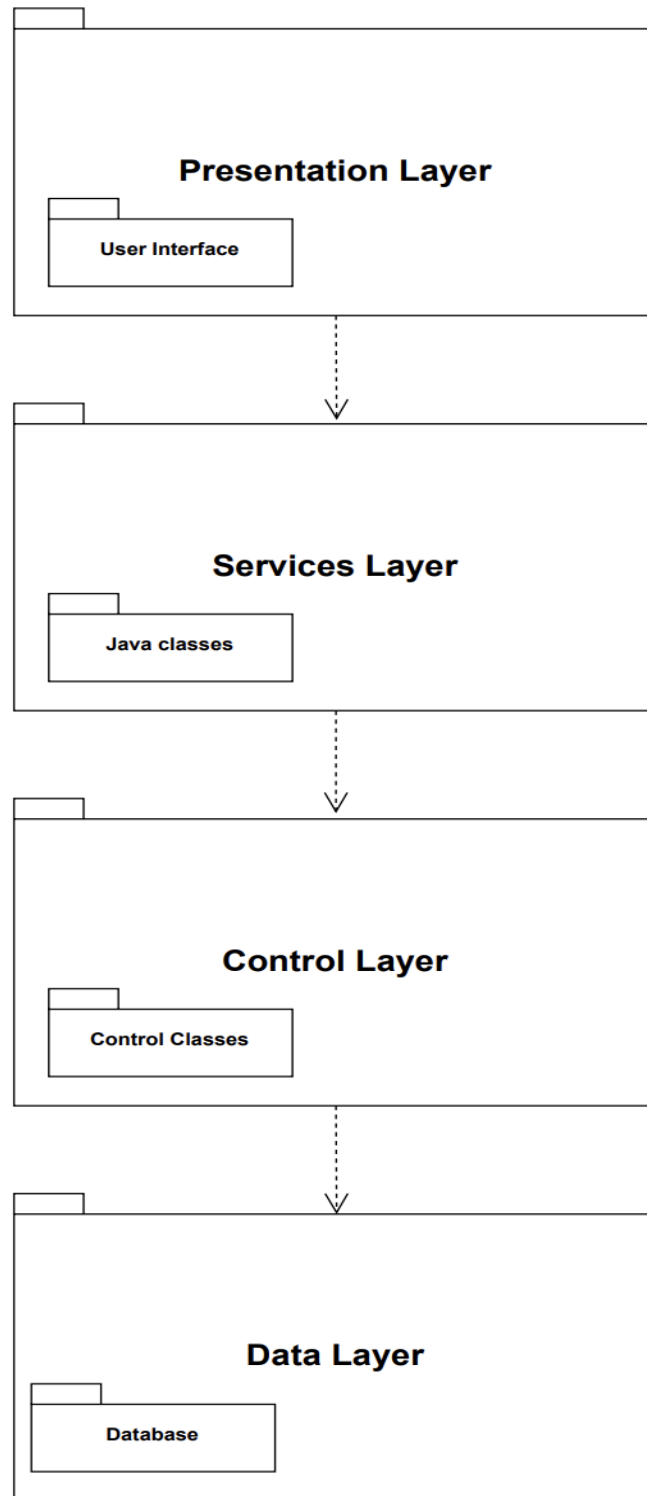

Part 3 (boundary, control and entity classes):

Part 4:

1) Package Diagram:

2) Deployment Diagram:
